

International Stakeholder Webinar

Thursday, 22nd April 2021

# Phosphorus in Agricultural Systems

## Outcome & Impact

In the framework of the ERA-NET PEGaSus project, the stakeholder webinar will discuss recent phosphorus (P) research results on feeding strategies, animal physiology and genetics, soil agro-ecosystems, phosphorus re-use and recycling options, measures of farmers' economic performance, legislative aspects on manure management, and governance & policy instruments.

## Partner Institutions

Institute for Farm Animal Biology (FBN), Germany

Agri-Food and Biosciences Institute (AFBI), United Kingdom

Aarhus University (AU), Denmark

Stockholm Environment Institute (SEI), Sweden

Università Cattolica del Sacro Cuore Piacenza (UCSC), Italy

## Funding

The PEGaSus project has received funding from the European Research Area Network co-funds on Sustainable Animal Production (ERA-NET SusAn; 2817ERA02D).

Thursday 22nd April 2021

15h00 – 17h00 CEST

15.00	<b>Welcome</b> Klaus Wimmers, FBN (DE)
15.05	<b>Introduction to the PEGaSus project</b> Michael Oster, FBN (DE)
15.15	<b>Animal genetics &amp; physiology</b> Henry Reyer, FBN (DE)
15.35	<b>Phytase – animal performance, excretion &amp; P re-cycling in soil</b> Elizabeth Ball, AFBI (UK)
15.55	<b>Manure management &amp; reuse options</b> Arno Rosemarin, SEI (SE)
16.15	<b>Bioeconomics of different farm management scenarios</b> Paolo Sckokai, UCSC (IT)
16.35	<b>Dialogue &amp; Questions</b>
